Questions/Responses No. 2 to the

Request for Proposals (RFP) K21-0074-29

JAVA Engineer Analyst

Ladies and Gentlemen:

The following questions for the above referenced RFP were received by e-mail and are answered and posted for all prospective Offerors. The statements and interpretations contained in the following responses to questions are not binding on the Maryland Judiciary unless the RFP is expressly amended. Nothing in the Maryland Judiciary's response to these questions is to be construed as agreement to or acceptance by the Maryland Judiciary of any statement or interpretation on the part of the Offeror asking the question.

26. Will the Judiciary allow references from prime contractors on subcontractors we hold in lieu of customer references to satisfy the requirement in Section 3.4.5 C?
    Response: See response to question #6.

27. Question: How often is Python and the Django Framework utilized to accomplish the tasks of the contract?
    Response: Not often, however, that is subject to change.

28. Question: Will two current customer references along with references from contracts completed within the past 1-2 years be acceptable?
    Response: See response to question #6.

29. Question: Can work of a larger scope be used as the scope and size for 1 full-time employee?
    Response: The Judiciary will consider all proposals that are able to meet the requirements as described in the RFP.

30. Question: What has been the historical types of work required on the contract for the last two years?
    Response: This is a new contract, but for an existing project. It's a monolithic project that will ultimately be migrated to microservices.

31. Question: How much evening, night, weekend and holiday work is anticipated?
    Response: There will be occasional night/weekend work per RFP section 2.4.4.
