TO: All Law Enforcement Officers of the State of Maryland  
Authorized to Issue Citations for Violations of the Natural Resources Laws

The attached list is a fine or penalty deposit schedule for certain violations of the Natural Resources laws. The amounts set out on this schedule are to be inserted by you in the appropriate space on the citation. A defendant who does not care to contest guilt may prepay the fine in that amount. The fine schedule is applicable whether the charge is made by citation, a statement of charges, or by way of criminal information.

For some violations, a defendant must stand trial and is not permitted to prepay a fine or penalty deposit. Additionally, there may be some offenses for which there is no fine listed. In both cases, you should check the box which indicates that the defendant must appear in court on the offense.

I understand that this fine schedule has been approved for legal sufficiency by the Office of the Attorney General, Department of Natural Resources. This schedule has, therefore, been adopted pursuant to the authority vested in the Chief Judge of the District Court by the Constitution and laws of the State of Maryland. It is **effective December 28, 2020**, replacing all schedules issued prior hereto, and is to remain in force and effect until amended or repealed.

No law enforcement officer in the State is authorized to deviate from this schedule in any case in which they are involved. Your cooperation is appreciated.

Very truly yours,

## Natural Resources Fine Schedule Effective December 28, 2020

The prepayable fine amounts listed below are to be utilized by all law enforcement officers and District Court Commissioners when issuing charging documents in the District Court which charge a violation of any of the provisions of the Natural Resources laws listed below. The fine listed below is mandatory and cannot be altered by the officer or a commissioner. If no prepayable fine amount is listed for a statutory or regulatory section, the charging document must require the defendant to appear. If a violator is charged with a second or subsequent violation, the charging document shall require the defendant to appear. Court costs are included in the prepayable fine amount listed below, but not in the maximum penalty amount. This schedule is effective December 28, 2020.
