Subject:	CONNECT Parallel System IS Still Available

Hello Former CONNECT Parallel Cycles!

For those employees who have completed their Parallel Testing Cycle and would like to keep getting familiar with CONNECT, we want to remind you *are* still allowed to work in the CONNECT Parallel system. However, Payroll will only reconcile any submitted data for employees currently in their Parallel Testing cycle.

Additionally, the support options for employees not in their Parallel Testing Cycle will be limited to the online training materials (click **HERE** for the **CONNECTed Training Library**), CONNECTors (click **HERE** for the list of CONNECTors), and the CONNECT email. The CONNECT Hotline will have only the bandwidth to support employees who are in their Parallel Testing Cycle.

To access CONNECT, click **HERE** or copy/paste the following address into your internet browser.
https://testconnect.mdcourts.gov/psp/ptuat/?cmd=login&languageCd=ENG&
