Ladies and Gentlemen:

The following questions for the above referenced RFP were received by e-mail and are answered and posted for all prospective Offerors. The statements and interpretations contained in the following responses to questions are not binding on the Judiciary unless the RFP is expressly amended. Nothing in the Judiciary's response to these questions is to be construed as agreement to or acceptance by the Judiciary of any statement or interpretation on the part of the Offeror asking the question.

1. Question: Who is the incumbent vendor  
Response: Kratos HBE
2. Question: What type of access control system your facility is specifying? What brand of system you are requesting or currently have?  
Response: We are currently the Schlage SMS Access Control System Version 5.3.9. We are open to new systems; however we would like to keep the same hardware and not have to re-purchase all of the card readers, GRINX/SRINX and panels to operate the aforementioned system. If there is a software conversion and or solution we would be interested in that first without gutting the standing system.
3. Question: How many card readers on the access control system?  
Response: 75
