AV Connection Points

Evidence Table

Evidence Table

Elmo Document Imager
Displays what is on the white platform on the monitors through the courtroom.

Blu-Ray/DVD/USB player

HDMI & VGA ports

Trial Table

HDMI & VGA ports

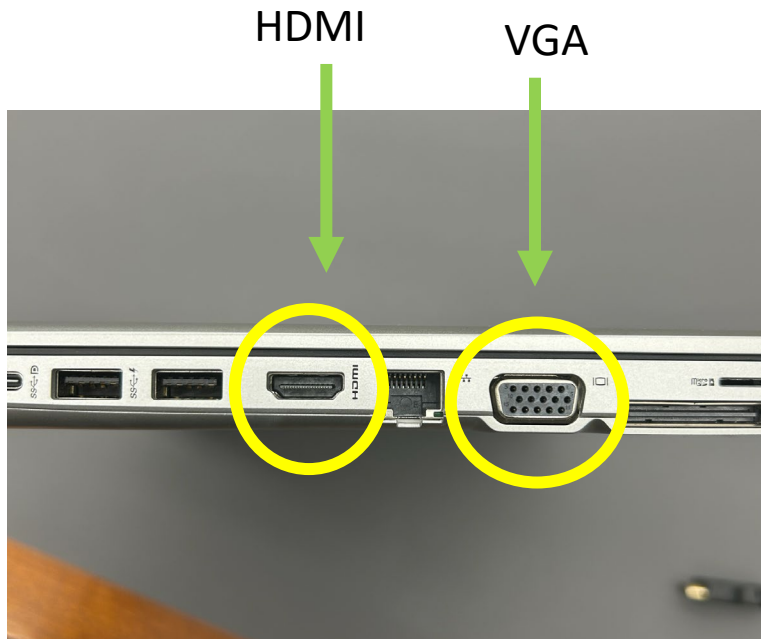

You can connect your laptop/devices to these ports and the images/video/audio displayed on your screen will be broadcasted through the courtroom.

Trial Table / Evidence Table Laptop Connections

Your device must feature one of the adapter connections listed below:

1. HDMI
2. VGA
3. USB-C via external dongle

USB-C to HDMI Dongle
The dongle is necessary for HDMI connections on newer laptops and MAC devices. We have a limited number of dongles but they are available upon request.

USB - C
