### Column Schedule

<table>
<thead>
<tr>
<th>Column Width</th>
<th>Column Height</th>
<th>Column Depth</th>
</tr>
</thead>
<tbody>
<tr>
<td>1200</td>
<td>2400</td>
<td>4800</td>
</tr>
<tr>
<td>1800</td>
<td>3600</td>
<td>7200</td>
</tr>
<tr>
<td>2400</td>
<td>4800</td>
<td>9600</td>
</tr>
</tbody>
</table>

#### Details

- **Base Plate**: Dimensions and details specific to each column width and height.
- **Pole Cap**: Specifications matching the column schedule.

#### Diagrams

1. **Base Plate Details**: Illustration showing the base plate's dimensions and details.
2. **Pole Cap**: Diagram for pole cap dimensions.
3. **Section A-A**: Cross-sectional view showing column dimensions and details.
4. **Section B-B**: Detailed view focusing on specific column features.

---

**Notes**

- The dimensions are critical for structural integrity and stability of the columns.
- Ensure that all dimensions match the specifications provided in the column schedule.

---

**References**

- Resources are available for further details and specifications.
- Further drawings and documentation are available for comprehensive understanding of the project.
